Want your  
WEDDING  
ordinary... or  
WOW!

Summermoon has a number of regulars, including “Friday Night Lights” star Tamara Jolain, pictured below, who said the relaxed ambiance of the café reminds her of some of her favorite haunts in New York.

It's no secret that Austinites love their coffee, and savvy caffeine connoisseurs know that Summermoon Coffee Bar helps keep Austin wired. Tucked away in a small centre on South First Street, Summermoon emits a hip and trendy vibe without sacrificing the comfortable atmosphere of a neighborhood coffee shop.

Serving the city's only wood fired coffee since 2001, owners Justin and Amanda Terry use a unique, hand-crafted brick oven to roast free trade, organic, 100% Arabica coffee beans (imported from all over the world) over an open mesquite fire, producing several tantalizing roasts that keep patrons coming back for more.

The café's signature drink, the Summermoon Latte, is made from the super-secret, seven-ingredient “moonmilk” recipe, and pairs well with gourmet pastries from the Driskill Hotel's 1886 Café, which Terry brings to the shop every morning, or breakfast tacos from Chantilly Bakery. The walls are lined with other foods, crafts and art from area vendors in an effort to perpetuate the “support local business” credo.

With its inviting interior, soothing ambiance, and great coffee, Summermoon Coffee Bar is the perfect refuge for any demitasse enthusiast.

*Summermoon is open from 7am to 10pm Monday through Friday and from 7am to 6pm on Saturdays. The shop is located at 3115 S. 1st St , Suite 1B. For more information, visit [www.woodfiredcoffee.com](http://www.woodfiredcoffee.com).*
